PROFESSIONALSUMMARY

Software Developer with experience in building and deploying full-stack web applications. Proficient in component-based UI architecture, developing RESTful services, and working with both SQL and NoSQL databases. Eager to apply my foundational skills in C# and ASP.NET to a professional, product-based environment.

TECHNICAL SKILLS

- **Core Stack :** C#, ASP.NET MVC, Entity Framework, SQL Server, Java,Spring Boot
- **Web & UI :** JavaScript (ES6+), React.js, HTML5, CSS3, Tailwind CSS, ShadCN UI
- **Concepts :** RESTful Services, Component-based Architecture, Respon-sive Design, API Integration
- **Development Tools :** Git, GitHub, VS Code, Browser DevTools, Live Development Servers, SQL Server
- **Integration :** API Integration, Frontend-Backend Communication, RESTful Services

PROFESSIONAL EXPERIENCE   *Live demo*

OneClickPortfolio Web ApplicationFull-Stack Developer | June 2025 - Aug 2025

- Engineered a full-stack application to automate portfolio creation by parsing resumes (PDF/DOCX) via the Parseur API and storing structured data in a NoSQL database (MongoDB).
- Developed a responsive React frontend that provides real-time user feed-back via an asynchronous polling mechanism to track the resume processing status.

JS Quiz App (Personal Project)Full-Stack Developer | March 2025 - April 2025   *Live demo*

- Engineered a clean, mobile-first responsive UI using React and Tailwind CSS, centered around a modular architecture of reusable components.
- Implemented dynamic features like a live timer and real-time score tracking by designing a robust state management system with React Hooks.

MovieFinder Web Application| React Developer | Aug 2025 - Sep 2025   *Live demo*

- Developed a dynamic and responsive React UI that provides instant search results by asynchronously fetching data from the OMDb API, effectively managing loading and error states.
- Enhanced application performance and user experience by implementing a debouncing mechanism on the search input to prevent excessive API requests.

EDUCATION

- **Master of Computer Applications (MCA)**
  JSS College of Arts, Commerce and Scie nce, Mysore
  Focusing on Data Structures and Web Development

CORE COMPETENCIES

- **Full-Stack Develop-ment :** Experience in both client-side (React) and server-side (Node.js) development, with foundational knowledge in C# (ASP.NET) environments.
- **Database Management :**Practical experience with relational (SQL Server) and non-relational (MongoDB) databases, including schema design and data management.
- **Problem Solving :**Skilled in debugging complex applications, optimizing code,and managing application state..
